

WILEY E. JONES
ATTORNEY GENERAL

Department of the Attorney General

STATE OF ARIZONA

PHOENIX

May 17, 1920.

Col. Walter S. Ingalls,
Adjutant General,
Phoenix, Arizona.

Dear Sir:

With reference to the check from the citizens of the town of Flagstaff, amounting to \$5,000, which is to be used for the construction of the Armory in Flagstaff, in addition to the amount set aside by the General Staff, approved by the Governor as Commander-in-chief on January 14, 1916, would advise that the check be given to the State Treasurer to be deposited by him in the Military Funds, together with the \$5,000 set aside by the General Staff from the money appropriated in Subdivision 85, Section 1, Chapter 3, Session Laws 1915, First Special Session.

For convenience in handling, we would suggest that the State Auditor carry this as the Flagstaff Armory Building Fund, or in some similar manner so that there will be no confusion with the balance of the funds appropriated.

I return herewith copy of the Rules and Regulations of the General Staff, a copy of which should be sent to the State Treasurer and the State Auditor.

Very truly yours,

Assistant Attorney General.
